Reverson Claudio Dias

Sn Infrastructure Engineer

◊ **Portugal, Braga**
www.linkedin.com/in/reverson-dias-17b0a279

Profile

I have been working for more than 6 years in cloud computing environments. In all companies I'm ever involved in new challenges regarding new methodologies and tools. I'm passionate to automate process and build solutions. I've away been focused on implementing DevOps culture through the companies where I have worked.
