

Reversion Claudio Dias

Sn Infrastructure Engineer

🌐 Portugal, Braga

www.linkedin.com/in/reversion-dias-17b0a279

Profile

I have been working for more than 6 years in cloud computing environments. In all companies I was involved in new challenges regarding new methodologies and technologies. I'm passionate to automate process and build solutions. I've always been focused on implementing DevOps culture through the companies where I been have worked.
